"Nature isn't a place to visit. It's home..."

INTRODUCTION

Interiors for you to feel right at home

Nestled in the heart of the North Cotswolds, Seasonal Soul Home is inspired by the natural environment, to create interiors for you to feel right at home.

Led by Rhian Jones, ideas and improvements in your home interior, can be designed and delivered to prioritise your health & wellbeing.

We focus on the right suggestions for your layout, colour scheme, lighting, furniture and furnishings, to help you to live and feel better at home too.

Listening to your desire for calm and occasionally more colour, the layers in your design proposal are drawn together, to create a flow through your home for everyone to enjoy.

Time is saved and stress can be soothed, when your home is designed to support you.

SUPPORTING YOU

Design Proposal

Our design support to you can begin with a design proposal per room. This service is the perfect fit, when a new lounge, home office or bedroom is on the horizon. Together we look at the possibilities for your interior, propose ideas and draw up your full design plan.

OUR APPROACH

Led by Rhian Jones, Seasonal Soul Home is an award winning interior design studio.

When we think about it, our natural environment is the host to all of our homes. In complete harmony, the seasons gently guide nature through a change in pace, space, light and temperature. In return, nature grows to share its own wonderful colour, throughout the year.

At Seasonal Soul Home, we explore a naturally holistic approach to the design of your home. With sustainability in mind, we aim to create a home that supports you, on both a practical and personal level.

'Natural Interior Design Firm Of The Year', LUXLife Magazine 2024

We help homeowners in and around the Gloucestershire area, to bring their living spaces to life with our expertise in colour, space, lighting, furnishing and finish.

Choosing the right colour scheme is a common problem solved. We know how colours work together, to create the best colour palette for you, in each room of your home.

THE PROCESS

Our signature service delivers your project with passion and professionalism.

Our process is designed, to deliver the detail that you need to realise your brief. Our design plan can include conceptual interior design, colour palette development, space planning, material and fabrication proposal, sourcing specification, technical design drawings for bespoke fittings or furniture and third party preparation where required.

In partnership with you, we are always looking out for possibilities in the process:

FOR THE PERSON This is an investment in you, in addition to your interior. We take care and time to get to know you, so we can serve you better.

FOR THE PROPERTY This is an investment in your property. Every project is designed to bring value, in accordance with your homes' priorities and potential.

FOR THE PLANET This is an investment in your home and in nature as a result. Where there is an opportunity to propose more consciously, we will always seek to do this for you.

STEP 01

A Design Consultation, to discuss the potential for you and the design of your home

STEP 02

A Design Proposal, to present the possibilities available in your interior, for your personal approval

STEP 03

A Design Plan, to specify and summarise the detail required for effective delivery

STEP 04

A Design Check-In, to review the progress of your design during installation and resolve any queries you may have

PAST PROJECTS

Bespoke Interior Design Project

In Worcestershire, our Clients needed our help with the bespoke design and completion of their Lounge and Master Bedroom Suite. Renovation of the home had been in mind for some time and our Clients really wanted their Lounge to become the family room, that everyone could relax in and enjoy.

Knowing that 'Family Film Nights' were high on the agenda post completion, we began to look at the layout of the lounge to accommodate the right view, seating, storage and comfort. This project involved renovation to the internal walls, to create a calmer, cosier room and the space for an Entertainment Wall. Beyond the detailed proposal, we specified and sourced the full finish to the room. This included colour, decor, lighting, fittings, furnishings and the bespoke joinery, which we project managed to full completion.

"...a bespoke design is testimony to the detail that is attended to"

"The success of a bespoke design, is testimony to the detail that is attended to, the team involved and the trust in each relationship. Communication is key. The planning of this project was designed to filter the complications in home renovation, which our Clients sincerely appreciated, alongside the professional finish."

PAST PROJECTS

Interior Design Proposal

In Warwickshire, our Clients needed our help with the design of their Living Room. They found the room lacking in personal style and more importantly space, when the family came together. With a keen interest in Mid Century design and a collection of small pieces from the period, including ceramics, furniture and artwork...we quickly got to work.

North facing and with areas of shade to improve, a design brief to create a cosy, calm yet interesting living room was desired. We knew that the layout could support the future activity in the room much more. Our early suggestion to 'flip It' could create space and flow from one room to the next. Light yet warm colour, ambient lighting, texture and a spot of gentle pattern would later compliment our Clients' collection and taste.

"she used her creative expertise to generate a really great design plan"

Client Testimonial

"She spent considerable time carefully listening to us to understand the brief and, importantly, our style, and she used her creative expertise to generate a really great design plan which fully suits our needs. We found Rhian very friendly, reliable and attentive and we very much enjoyed working with her."

PAST PROJECTS

Home Colour Consultation

In Gloucestershire, our Clients wanted our help again, to find the right paint colours for their lounge and hallway at home. With the decorator booked and an appetite for a colour scheme to absolutely love, we got to work on their colour palette and the potential for a ground floor flow.

Taking into consideration our past success in the Kitchen and our Clients existing fittings and furnishings, there was an opportunity for slightly braver look in these areas too. Amidst a proposal of light and warm neutrals, we focused on the definition of the staircase in the hallway and introduced two feature colours for the lounge to compliment one another, Both ideas raise the energy of each room a notch, working with the light and size of the space.

"we finally agreed on and the placement have created the wow factor we wanted"

Client Testimonial

"...Your knowledge about how colour is impacted by light and shade, placement, tones and working with existing colours was extremely impressive.

As a result the colours we finally agreed on and the placement have created the wow factor we wanted....Thank you so much"

WHAT TO EXPECT...

A TIMELY MANNER In partnership with you, we will prepare a smart approach to deliver your requirements as best we can. A turn around for each design, can range from 3 days to 3 months.

A PROFESSIONAL SERVICE Our signature service is structured with complete clarity at the point of contract, to establish both trust and confidence in our relationship.

A COLLABORATIVE PROCESS We love to think outside the box but more importantly, your box. Any opportunity to gather more insight from you, will always inspire personalised ideas in return.

EXCELLENCE THROUGH CARE And confidentiality. We know that your home is your private space and will be treated as such, regardless of its size or seclusion.

REMEMBER

We don't lead with one set colour palette or interior design style. Our signature service is a completely personalised experience, led by our expertise, to create an interior for you to feel right at home in.

*This isn't about our portfolio.
It's about your possibilities.*
